

Creative MUVO 2c

Palm-sized Water-resistant *Bluetooth®* Speaker with Built-in MP3 Player

Product Overview

Featuring a water-resistant design, the palm-sized Creative MUVO 2c lets you take your epic tunes through your life's adventures. With a 6-hour battery life and a size that fits in the palm of your hand, you can play your music out loud while you're out gallivanting about looking for excitement. Connecting to the MUVO 2c is simple. Simply connect via a host of input sources including Bluetooth connectivity. You can also connect two MUVO 2c speakers together wirelessly to enjoy a wider stereo experience and bigger sound performance. The MUVO 2c is available in four colors. Complete with rubberized finish, the tactility makes the speaker easy to grip in your hand.

WATER-RESISTANT

Epic Playlist for Your Next Adventure

Curate an epic playlist that can power you through your adventures. The MUVO 2c is IP66-designed for water and dust resistance. So, no splashes can ruin your fun at pool parties. Even when you're travelling off the beaten track, no dust can interfere with your spontaneity either.

PORTABILITY

Take Your Music Anywhere

A modest weight of 159g (5.6oz) means the MUVO 2c won't weigh you down. Because it's light and portable, you could just pick it up and get going on your adventures.

Big Sound Small Package

The MUVO 2c houses an over-sized passive radiator to ensure great bass performance. With one in-house tuned full-range speaker driver, you can count on this nifty speaker that delivers a sound of substance and strength, wherever you go.

The Party Goes on and on

With a built-in 650mAh Li-ion battery, you can play non-stop music for 6 hours. And the best part is, the party doesn't have to stop even when the battery runs flat. You can charge it via the micro USB cable for longer hours of enjoyment.

Connectivity

Free Yourself from Wires

Connecting your smart device to the MUVO 2c is child's play. Pair your smartphone via Bluetooth and let your music run free.

Share Your Music with a Wider Sound Stage in Stereo

Talk about going big on sound. The mighty MUVO 2c is designed with stereo Wireless Link technology that lets you connect two MUVO 2c speakers together. Together with your friends, you can enjoy the expansive sound coming from two compact speakers.

Plays Thousands of Songs without a Smart Device

Not getting enough juice on your smart devices? The MUVO 2c comes with its built-in MP3 player that lets you upload songs to a microSD card without jamming the space of your smart devices. With support for high quality audio formats including FLAC and WAV, WMA and MP3 formats, your listening needs are well covered.

It's Also a Speakerphone

While your smartphone is tethered via Bluetooth, the MUVO 2c acts as a speakerphone that lets you switch between your calls and music. So you won't have to miss another call again.

Customize Your Sound the Way You Want it

Your USB audio port may surprise you with better sound than you think. Connect the MUVO 2c via the USB port, and add a personal touch to your listening experience with the Sound Blaster Control Panel. With access to an array of turning parameters, you can customize your audio profiles the way you like it. For added versatility, the MUVO 2c is also a microSD card reader that lets you move your music, video or personal data between your PC and memory card.
