

# HP Pro 3300 Microtower PC

**Productive and stylish, inside and out, this sleek microtower features PC technology businesses require.**

Windows®. Life without Walls™. HP recommends Windows 7.

HP Pro 3300 Series Microtower Business PC is newly re-designed and powerful enough to handle all your workplace computing tasks with the flexibility to allow your PC to grow with you in the future. You get a full-function, great looking PC with a heritage of quality and reliability.

#### **Newly redesigned**

With its sleek, minimalist, industrial design this PC is sophistication personified. The HP Pro 3300 Series has a clean look that will stay current for years to come. The redesign wasn't just about looks, but includes configurability and convenience as well. You get a stylish and powerful workhorse ready to meet your needs now and grow with your business later.; Choose from a range of standard hard drive or optical drive options<sup>1</sup>. Standard DDR3 memory is energy efficient as well as expandable to help you save money and work efficiently.; Designed to fit typical business workspaces, the Microtower includes conveniently placed front USB 2.0 ports and audio ports. Standard video, network and additional USB ports are available on the rear.

#### **Newest technology**

You've got the latest technology to choose from and a flexible Microtower to support the configuration that best fits your business needs. It boasts 2nd generation Intel® Core™ i3 and i5 processors<sup>2</sup> and chipset for the latest in performance. You won't have to compromise when it comes to running your graphics intensive applications. Whether you're editing photos, creating multimedia presentations, or designing web content you'll see enhanced image clarity and detail with integrated Intel Graphics.

#### **Flexible out-of-the-box**

The HP Pro 3300 Microtower is ready to configure with extra memory slots, PCI Express (PCIe) slots, and 8.9/13.3 cm (3.5"/5.25") bays. Choose the genuine Windows® 7 operating system right for your environment. And, with preinstalled software like HP ProtectTools<sup>3</sup> for Small Business and Norton Antivirus<sup>4</sup> (trial offer) you get a PC equipped to make an impact right out of the box.

#### **More than what is in the box**

You get more than what's in the box with our business-focused innovations included in every HP Pro 3300 Series PC that help you increase productivity, mitigate risk, reduce your environmental footprint, and improve your overall computing experience. Plus, the HP Pro 3300 Series offers service and support options, so you can spend your time focusing on what's most important—your business.

<sup>1</sup> Sold separately or as an optional feature. Availability varies by region.

<sup>2</sup> 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See [www.intel.com/info/em64t](http://www.intel.com/info/em64t) for more information. Dual Core is designed to improve performance of certain software products. Not all customers will necessarily benefit from the use of this technology. Intel's numbering is not a measurement of higher performance.

<sup>3</sup> HP ProtectTools requires Microsoft Windows.

<sup>4</sup> 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. This software is licensed to you by the manufacturer under the terms of its end user license agreement.

This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows7/> for details. Windows 7 Professional disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image.
