

Lenovo™ IdeaPad 520S

SLEEK & SLIM. UNEXPECTED POWER.

Featuring top-of-the-line Intel® processing, up to FHD resolution and a stylish design, the IdeaPad 520S blends the best of all worlds: premium performance in a whisper-thin package. Building on the success of the IdeaPad 320S, the IdeaPad 520S offers the additional graphics power of NVIDIA® GeForce 940MX, more premium metal surfaces and the cutting-edge option of an instant fingerprint reader.

UNEXPECTED POWER

Up to 7th Gen Intel® Core™ i7 processor & 8 GB memory

Advanced NVIDIA® GeForce 940MX discrete graphics

Boost your performance with up to 16 GB Intel® Optane™

Ample storage

STREAMLINED SIMPLICITY

Sleek & light redesign at 19.33 mm thin, 1.7 kg

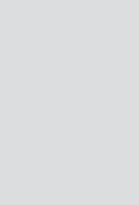

Swift security with optional fingerprint reader & Windows Hello

Ease of Windows 10 Home & Lenovo App Explorer

DYNAMIC MULTIMEDIA

Brilliant clarity of up to FHD IPS with new slimmer bezels

Crisp, clear sound with Harman Speakers ft. Dolby® Audio

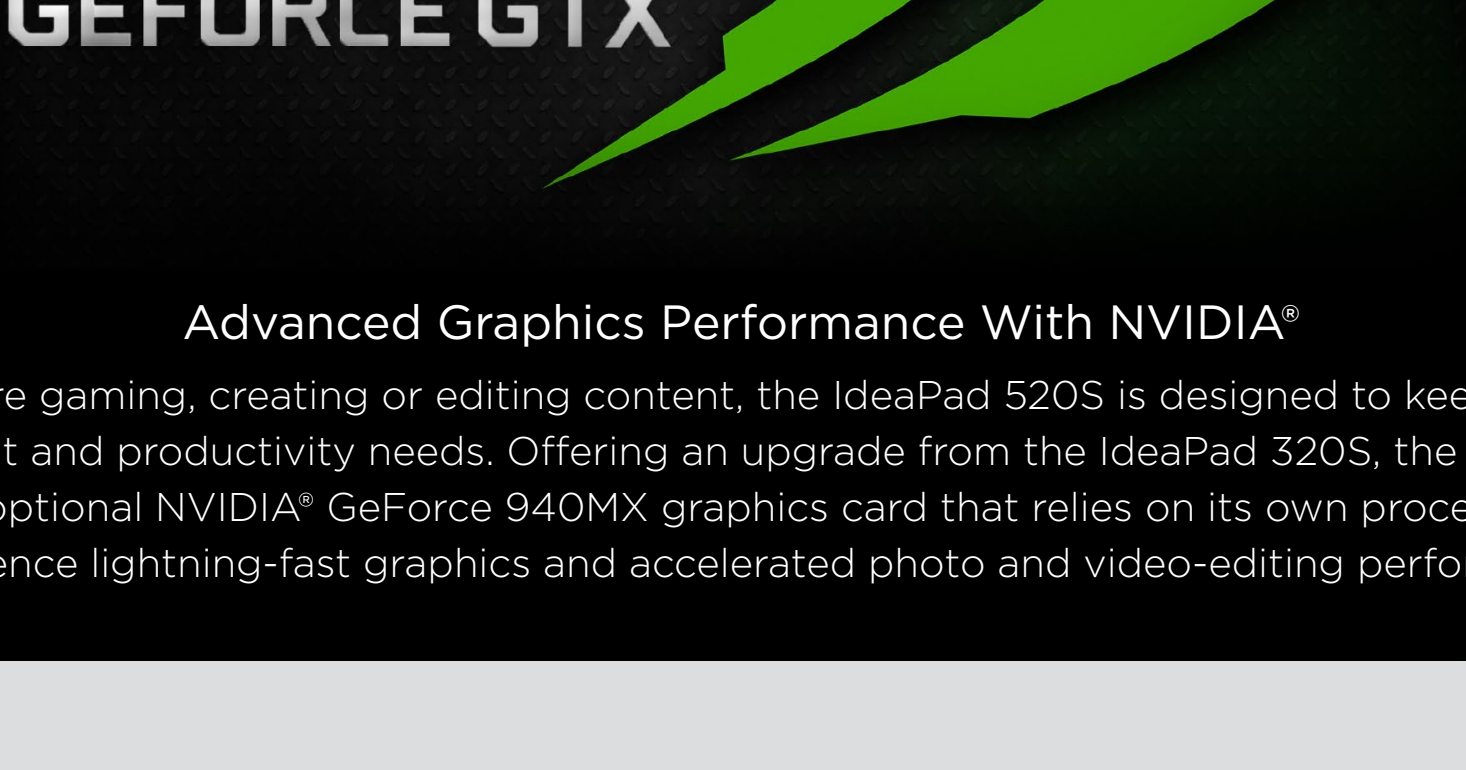

UNEXPECTED POWER

Lightning-fast performance in a sleek package.

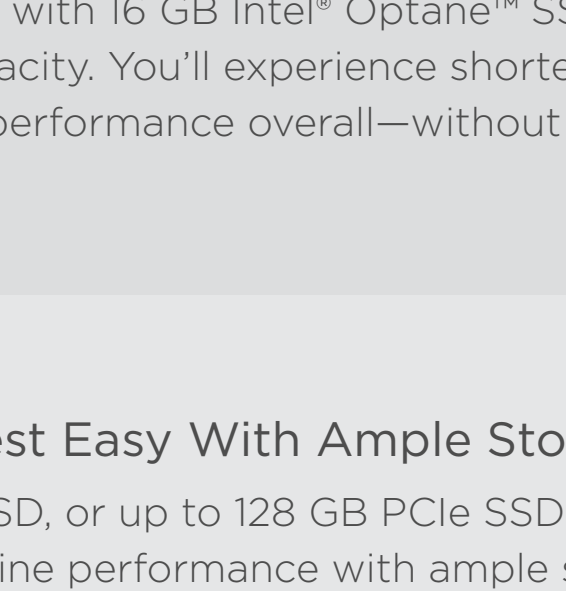

Powerful Productivity

Featuring up to a 7th gen Intel® Core i7 processor and 8 GB DDR4 max memory, the IdeaPad 520S delivers a surprising amount of power. Seamlessly switch between web tabs and run multiple applications at the same time—you'll be able to multi-task with ease.

Advanced Graphics Performance With NVIDIA®

Whether you're gaming, creating or editing content, the IdeaPad 520S is designed to keep up with your entertainment and productivity needs. Offering an upgrade from the IdeaPad 320S, the IdeaPad 520S features an optional NVIDIA® GeForce 940MX graphics card that relies on its own processor, so you'll experience lightning-fast graphics and accelerated photo and video-editing performance.

Revolutionary Intel® Optane™

The IdeaPad 520S can be upgraded with 16 GB Intel® Optane™ SSD, a new technology that significantly boosts your system's speed and capacity. You'll experience shorter startup times, program launches, and smoother, more responsive performance overall—without compromising system storage.

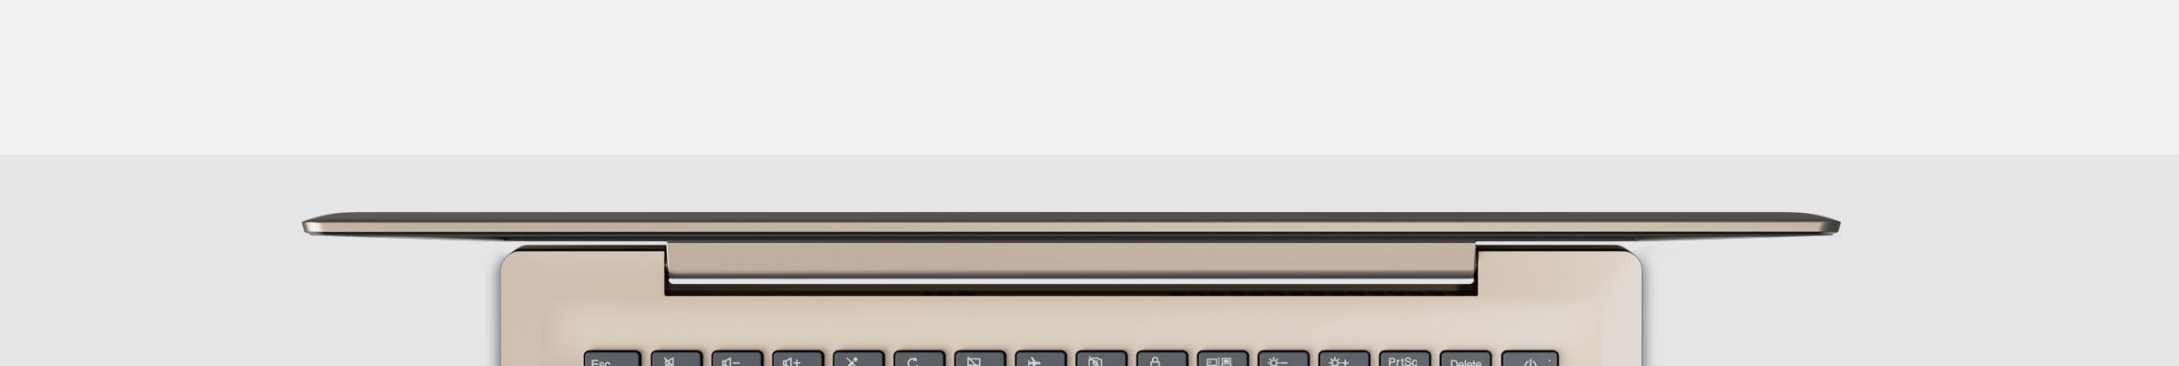

Rest Easy With Ample Storage

Stocked with up to 512 GB SATA SSD, or up to 128 GB PCIe SSD + 1 TB SATA HDD hybrid storage, the IdeaPad 520S combines top-of-the-line performance with ample space to expand your library of movies, music, apps, photos and more.

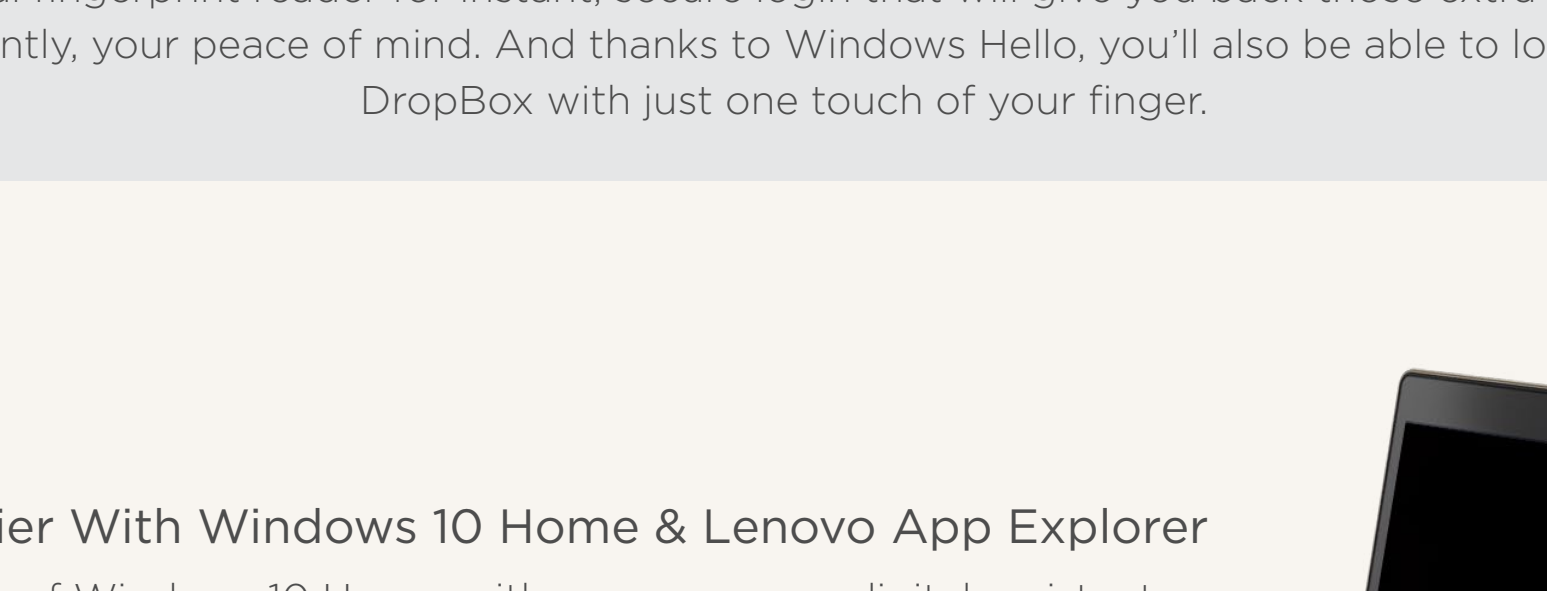

STREAMLINED SIMPLICITY

Effortless portability and ease of use.

Stylishly Sleek & Light

Weighing in at 1.7 kg and only 19.33 mm thin, the IdeaPad 520S is lighter than a hardcover book. It's effortlessly portable—and even better, we've redesigned the IdeaPad 5 series with beveled edges for a sleeker look, and more premium metal surfaces for chic style that will go anywhere. Available in five sophisticated tone-on-tone colors with a soft-touch finish: Champagne Gold, Plum Purple, Ballerina Pink, Bronze and Mineral Grey.

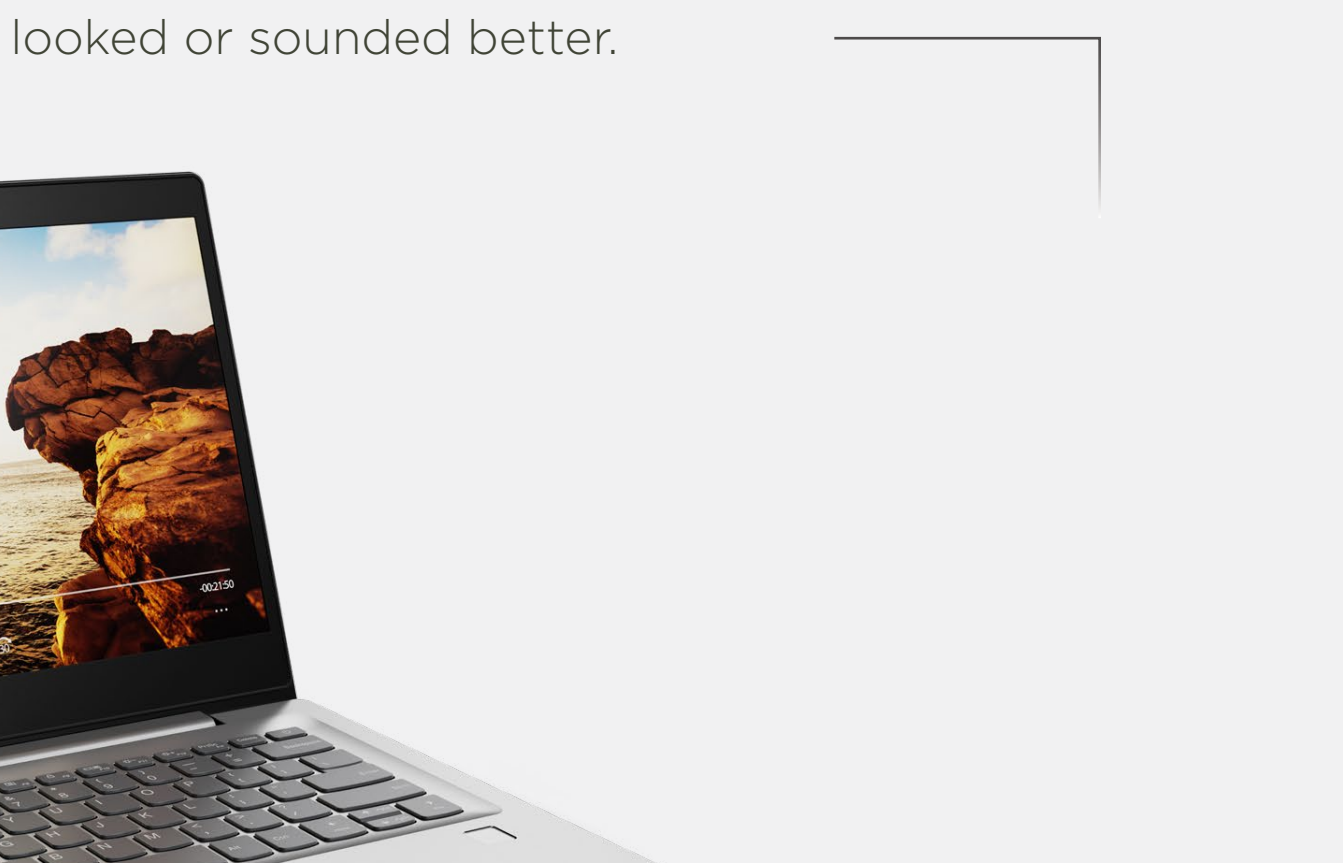

Swift, Secure Fingerprint Reader

Passwords are a headache, but security is more important than ever. The IdeaPad 520S offers the upgrade of an optional fingerprint reader for instant, secure login that will give you back those extra seconds—and more importantly, your peace of mind. And thanks to Windows Hello, you'll also be able to login to sites like DropBox with just one touch of your finger.

Make Life Easier With Windows 10 Home & Lenovo App Explorer

Enjoy the ease of Windows 10 Home, with your very own digital assistant Cortana. Set reminders that sync across all your other devices, or ask a question out loud—Cortana works with more than a thousand apps and services to ensure you'll always have the answers you need. And with Lenovo App Explorer, you'll only have the apps you want. No extra programs, no fuss.

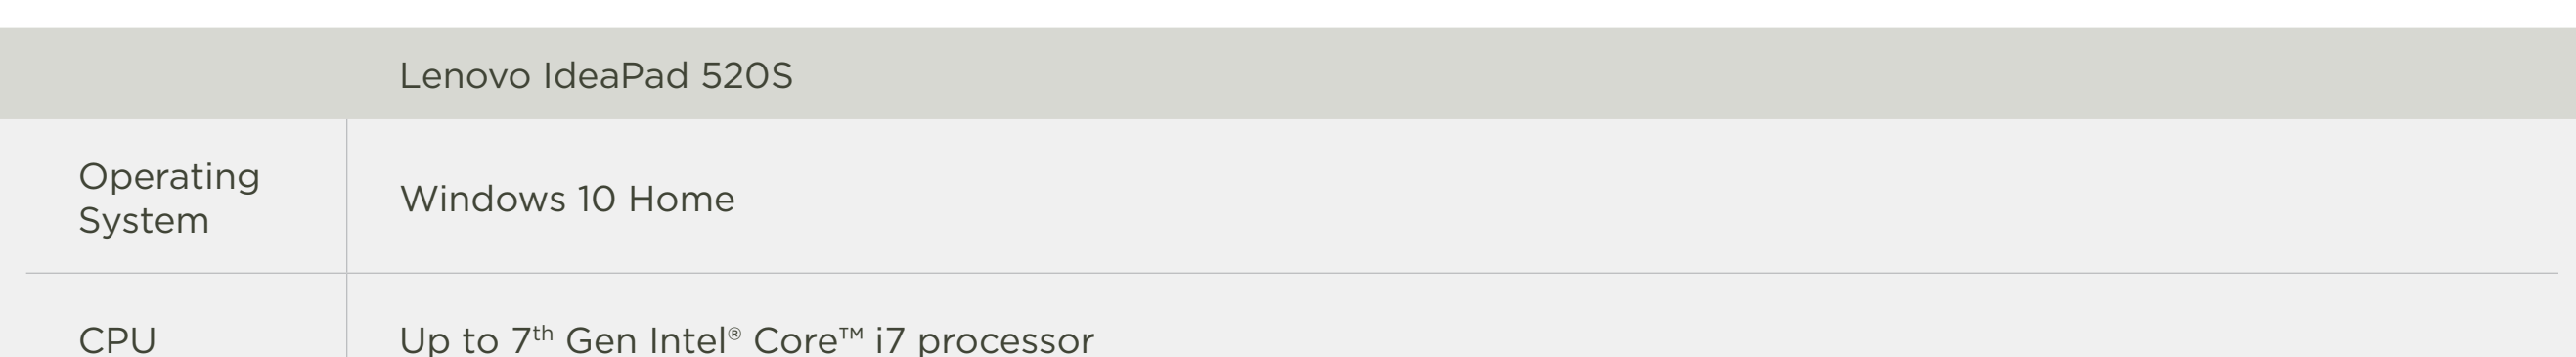

DYNAMIC MULTIMEDIA

Movies and videos never looked or sounded better.

Brilliant Clarity of up to FHD IPS

We redesigned the IdeaPad 520S with slimmer bezels around the 14" screen. What's more, the 520S boasts stunning, crystal clear screen resolution. Enjoy High Definition clarity, or the visual brilliance of Full High Definition IPS. Lean back on the couch, or share your screen with friends—IPS viewing means you'll be able to watch your favorite shows from almost any angle.

Crystal Clear Audio With Harman Speakers ft. Dolby® Audio

Whether you're streaming a playlist or video chatting with friends, you'll enjoy crisp, rich audio. Harman Speakers with Dolby® Audio offer sound optimization for greater detail in a wide range of sounds, at any volume.
