

Creative T4 Wireless Signature Series

The ultimate high fidelity compact 2.1 Bluetooth wireless digital speaker system for HD TVs, smart devices, or PCs/Macs!

The Creative T4 Wireless Signature Series is the perfect home audio entertainment system! A descendant of the award-winning GigaWorks T3, the T4 Wireless features premium audio quality, with satellites built from audiophile-grade aluminum drivers and a high-output compact subwoofer featuring SLAM technology. It also features wireless connectivity with Bluetooth and lightning-fast Tap & Play NFC technology. You can also connect two stereo Bluetooth devices to the T4 Wireless simultaneously with Creative Multipoint. Wireless Bluetooth audio quality is further ensured with high definition audio codecs such as aptX® and AAC – for a wireless connection that's just as good as a wired one. Multiple wired connectivity options are also available with optical TV inputs, RCA line-in PC inputs, Auxiliary 3.5 mm Mobile Device Inputs, and a headphone output.

- **Tap & Play NFC (Near Field Communications) technology**
 - **Fuss-free one-touch pairing/playback with NFC-enabled Bluetooth stereo devices.**
- **Wireless Bluetooth**
 - **Features support for high definition audio codecs such as aptX® and AAC for improved wireless Bluetooth audio that is as good as a wired connection**
- **Audiophile-Grade Drivers**
 - **Exceptional audiophile-grade aluminium drivers that deliver full mid-range audio and ultra clear highs**
- **Compact high-output Subwoofer featuring Creative SLAM™**
 - **Creative SLAM™ (Symmetrically Loaded Acoustic Module) technology delivers deep, tight bass.**
- **Creative Multipoint**
 - **Conveniently connect two Bluetooth devices simultaneously, and easily toggle between them.**
- **Rich connectivity options**
 - **Features a 3.5mm Aux-in option, Audio analog RCA inputs, Optical in and a headphone jack for private listening**
- **Experience full midrange audio, clear highs, and deep and tight bass for your music, movie or games. Be totally astounded!**

Technical Specifications

- Product Weight: 7.2 kg / 15.8 lbs
- Satellites
 - Dimensions (HxWxD): 150 x 85 x 90 mm / 5.9 x 3.3 x 3.5 inches
 - Weight : 465g
 - Cord Length : approx 2 meters
- Subwoofer
 - Dimensions (HxWxD): 215 x 235 x 290 mm / 8.4 x 9.2 x 11.4 inches
 - Weight : 5.94kg
- Wired audio control pod
 - Dimensions (HxWxD) 40 x 70 x 70 mm / 1.5 x 2.7 x 2.7 inches
 - Cord Length: approx 2 meters
 - Weight : 265g
- Infra Remote Control
 - Dimensions (HxWxD) 12 x 50 x 123 mm / 0.4 x 1.9 x 4.8 inches
 - Weight : 37g
- RCA to 3.5mm stereo
 - Cable length : Approx 2 meters
 - Weight : 52g
- Power adapter
 - Cable length : Approx 1.5m
 - Weight : 80g
- Bluetooth operating frequency: 2402 – 2480MHz
- Bluetooth Version: Bluetooth 3.0
- Supported Bluetooth profiles :
 - A2DP (Wireless Stereo Bluetooth)¹
 - AVRCP (Bluetooth Remote Control)
- Supported Codecs: SBC, aptX®, AAC
- Operating Range for Bluetooth devices: Up to 10 meters (Measured in open space. Walls and structures may affect range of device.)
- Creative Multipoint feature allows two simultaneous stereo Bluetooth connections to the speaker
- Supports fuss-free pairing and connections with Near Field Communications (NFC)-enabled stereo Bluetooth devices
- 3.5mm Integrated Aux In for other audio devices
- Plays and pauses your music via infra remote control with compatible AVRCP devices
- Multiple connectivity inputs : RCA, 3.5mm aux-in and optical inputs for a wide range of audio devices
- Supports optical out from High Definition LED TVs

Package Contents

- 2 Satellites speakers
- 1 Subwoofer
- RCA to 3.5mm stereo cable
- Wired Audio control pod
- Infra remote control
- Power cord(s)
- Safety and Warranty leaflets
- Quick Start Guide

Minimum System Requirements

- Bluetooth devices that support the Stereo Bluetooth Profile (A2DP)
- NFC-enabled devices for fuss-free pairing or connection by tapping on audio control pod
- Media control functions such as play, pause, next and previous track on infra remote requires compatible AVRCP supported devices to function
- Analog audio devices with a 3.5mm output or RCA output
- Supports optical out connection from LED TV / Sound cards or audio devices

Notes :

- Compatible with PC (Windows XP/Vista/7/8), Apple Macintosh equipped with Stereo Bluetooth wireless technology
- Compatible with most major brands of Bluetooth A2DP enabled mobile phones
- Compatible with mobile phones equipped with Near Field Communications (NFC) technology for fuss-free pairing and connection
- 1 Stereo Bluetooth or A2DP profile enables wireless transmission of full stereo sound to other Bluetooth devices. To determine whether your device (notebook, PC or mobile device) is equipped with A2DP-enabled Bluetooth technology, refer to your device manufacturer's documentation/website for more information.

Warranty

- 1-year limited hardware warranty
