

Verbatim 1080p Full HD Auto Focus Webcam

Part No: 66631

Features

Verbatim's 1080p Full HD Auto Focus Webcam is the perfect companion for your computer. Whether you are using it for that important meeting or live-streaming your gameplay, this webcam gives you a high-quality video in Full HD. The inbuilt microphone means you don't have to worry about a secondary microphone to make yourself heard. Compatible with all video conferencing apps and popular platforms, this webcam will give you great quality video whatever you choose to use it for. With automatic low light correction, this webcam will detect lighting changes and adjust automatically to ensure that you can always be clearly seen. The easy plug and play functionality means that you simply plug the USB Connector into the port on your computer and the webcam will automatically be set up on your system.
